

Year 4 Homework, Spring Term 1 Week 4 - Support

Maths

One

Which dominoes are odd?

Two

Three

Use the bar model to calculate $18 \div 2$

Four

$$2 \times 8 = 16$$

so

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

Five

Spot the mistake.

$$8 \div 2 = 4$$

$$8 \times 4 = 2$$

Reading:

Remember you must read every day for 15 minutes. This can be reading a book or practising your phonic or digraphs. Please record this in your Home link book.

Spellings

home
those

stone
envelope

SPaG Challenge in books please

3 Rewrite the sentences below in their past tense forms.

Harvey visits me. →

We tear it up. →

Alisha talks a lot. →

Jenny falls over. →

Ben packs his bag. →

I take the register. →

4 Join the clauses using the conjunctions below.

Times Tables Activities

Please do some of the following:

Daily times tables on TT Rockstars

Daily chanting and oral questioning

Hit the Button – Times tables

Please remember: All homework is marked in class with the children and will not have written feedback on it.

Homework is due in on the following Friday

Turning Milk into Cheese

- 10 Cheese is made using milk. The milk of goats and
20 pigs can be made into cheese but most cheeses that
29 you would buy at your local supermarket are made
32 from cow's milk.
- 42 At the cheese factory, the milk is warmed in large
51 pots before a substance called rennet is added. This
60 makes the cheese go lumpy and slowly makes it
62 turn solid.
- 70 After that, other ingredients are added that change
82 the colour and taste of the cheese. It is often left to
92 age before being packaged up to be sold in shops.

Quick Questions

1. What is added to the cheese to make it go solid?

2. Which adjective has the author used to describe the pots that the milk is warmed in?

3. Why are other ingredients added to the cheese?

4. Why do supermarkets stock so many different kinds of cheese?
