

Year 4 Homework, Autumn Term 1 Week 3- Support

Maths

Write the number
bonds to 20 neatly in
your homework book.

i.e. $12 + 8 = 20$

$6 + 14 = 20$

Chant numbers 20 - 30

Write the numbers 20 - 30

Reading:

Remember you must read every day for 15 minutes. This can be reading a book or practising your phonic or digraphs. Please record this in your Home link book.

Spellings

pie
tried
replied
lied
flies
tries
denied
cried
dried

English

List adjectives to
describe the Viking.

Challenge!

Now write a sentence
using these adjectives.

Letter and Number Formation

On a lined page of your homework book, write out
each letter 3 times.

Please remember: All homework is marked in class with the children and will not have written feedback on it.

Homework is due in on the following Friday

The Great White Shark

- 11 Great white sharks are the top of the ocean's food chain.
- 22 They are the biggest fish on our planet which eat other
- 32 fish and animals. They are known to live between thirty
- 45 and one hundred years old and can be found in all of the
- 55 world's oceans, but they are mostly found in cool water
- 59 close to the coast.
- 69 Even though they are mostly grey, they get their name
- 78 from their white underbelly. The great white shark has
- 89 been known to grow up to six metres long and have
- 99 up to three hundred sharp teeth, in seven rows. Their
- 109 amazing sense of smell allows them to hunt for prey,
- 119 such as seals, rays and small whales from miles away.

Quick Questions

1. Why do you think that the great white shark is at the top of the ocean's food chain?
-
-
-

2. Where are most great white sharks found?
-
-
-

3. Find and copy the adjective that the author uses to describe the shark's sense of smell.
-
-
-

4. Number these facts from 1 to 3 to show the order they appear in the text.

- They live between thirty and one hundred years.
- They can grow up to six metres long.
- They have up to three hundred teeth.
